ALL PLAN LETTER

DATE: October 28, 2019
TO: All Health Care Service Plans
FROM: Phuc Nguyen, Acting Deputy Director
Office of Plan Licensing
SUBJECT: APL 19-022 (OPL) Governor's Proclamation of a Statewide State of
Emergency Due to Extreme Fire Weather Conditions

The Department of Managed Health Care (the DMHC) issues this All Plan Letter (APL) to remind health care service plans (plans) of the requirements under Assembly Bill 2941 (Berman, Ch. 196, Stats. 2018) and the related DMHC filing instructions.

A. Filing Requirement Under Assembly Bill 2941

On October 27, 2019, Governor Newsom issued a statewide emergency proclamation in California due to the effects of unprecedented high-wind events which have resulted in fires and evacuations across the state.¹ Assembly Bill 2941 (Berman, Ch. 196, Stats. 2018) requires plans to provide enrollees displaced by a declared state of emergency with continued access to medically necessary health care services.

Within 48 hours of a proclamation of a State of Emergency by the Governor that displaces or has the immediate potential to displace enrollees, each plan operating in the county(ies) included in the proclamation must file a notice with the DMHC:

- Describing whether the plan has experienced or expects to experience any disruption to plan operations;
- Explaining how the plan is communicating with potentially impacted enrollees; and,
- Summarizing actions the plan has taken or is in process of taking to ensure the health care needs of enrollees are met.

This statewide proclamation of a State of Emergency includes all counties in California. Please submit the information required by AB 2941 through the DMHC's eFiling system as an Exhibit J-17 and as an Amendment filing.
