

AGENDA

Thursday, February 5, 2009, 10 am to 4 pm

California Clinical Quality Improvement “Right Care” Initiative
Work Group One: Aligning and Improving Payments and Incentives to Improve Clinical Outcomes in Heart Disease and Diabetes

Johnson & Johnson Regional Office (next to Lakeshore Towers)
18101 Von Karman Ave., Suite 550, Irvine, CA 92612

Dial In # 888.627-7005 Conference Code: 689620 (Provided by Johnson & Johnson)

Work Group Chair: Jack Lewin, M.D., CEO, American College of Cardiology

Co-chair: Tonya Dowd, Sr. Manager, Healthcare Policy & Economics, Johnson & Johnson; MPH Graduate Student, UCLA

Workgroup Goal: To examine the provider payment structure of the delegated health plan model, and explore the use of incentives and aligning provider payments to improve quality of care, specifically, to improve HEDIS scores in the areas of heart disease and diabetes.

Meeting Objective: To determine concrete strategies, through the financial incentives used by the purchasers (health plans, medical groups, employers) to patients and providers for improving outcomes.
