SB 17 (Hernandez)
Prescription Drug Costs

- Additional reporting requirements for large group market:
  - Percent of premium attributable to drug costs for each category of prescription drugs (e.g., generic, brand name, and brand name/generic specialty)
  - Year-over-year increase, as a percentage, in per member, per month costs for each category
  - Year-over-year increase in per member, per month costs for drug prices compared to other components of the health care premium
  - Specialty tier formulary list
  - Percentage of the premium attributable to prescription drugs administered in a doctor's office that are covered under the medical benefit as separate from the pharmacy benefit, if available
  - Information on use of a pharmacy benefit manager, if any, including which components of prescription drug coverage are managed by the pharmacy benefit manager
SB 17 (Hernandez)  
Prescription Drug Costs

• Reporting requirements for drug manufacturers to public/private purchasers, effective January 1, 2018:
  o For drugs with a wholesale acquisition cost over $40 for a course of treatment, must report if cumulative increase is more than 16% over prior two calendar years

• Effective January 1, 2019, requires drug manufacturers to report increases in wholesale acquisition cost and other details to OSHPD
  o OSHPD will publish this information on its website at least quarterly
  o OSHPD will be funded by health plan assessments, to be offset by penalty revenue for non-compliance with reporting requirements
